

British Values at Eden Park ~ Year 6

British Values Democracy

Vlog On –Vlogging is a way of getting our voices heard.

Writing: Charles Dickens: Scenes of an Extraordinary Life – seeing how other historical periods did not have the same privileges of the democratic society that we live in today.

History – WWII – understanding the concept of a democracy through the examples of The Allies and The Axis.

Art – The Show – the children will vote for the artwork which they think is most effective. E.g. Turner Prize

British Values Rule of Law

Ancient Maya – how different civilisations have different systems of law.

PE – understanding the importance of rules, how they are there to protect us and that we share a responsibility to uphold rules.

History – WWII – how rules of a country are changed to protect its citizens. E.g. Rations introduced to ensure food distribution – linked to changing of laws during pandemic.

British Values Individual Liberty

Reading – studying 'Journey to Jo'burg' – realising that everyone has not always had the same rights and freedoms.

Vlog On – looking at e-safety, considering our online footprint.

Science – Evolution & Inheritance: we live in a modern society where we are encouraged to take risks and have the freedom to speak which was something that evolutionists were not afforded.

History – WWII – understanding the sacrifices made by people in the way for the rights and freedoms of future generations.

Drama - The Show Must Go On! – taking risks but also understanding that our behaviour, actions, and words can affect others who might be out of their comfort zone.

Art – The Show – when choosing a project for art, I am able to take into account the resources and time required in order to plot a successful path towards the outcome.

British Values Mutual Respect

Reading – studying 'Journey to Jo'burg' – tackling racism through learning about the apartheid and discrimination in South Africa.

Nice to MEAT You – D & T – looking at the choices that people make around diet based on ethical health or religious reasons. E.g. Halal meats, veganism.

RE - What Matters Most to Humans and Christians? Encouraging respect for other beliefs and cultures.

Writing – Incredible Edibles – Gastrotrump section: Understanding that countries have different delicacies which we might consider unpalatable.

Geography - How is Nature Powerful? – understanding that life is not the same in locations across the world. You don't choose where you are born.

Geography - Blue Planet II – Understanding that our actions have an impact on others.

Drama - The Show Must Go On! – taking risks but also understanding that our behaviour, actions and words can affect others who might be out of their comfort zone.

RE - How Does Faith Help People When Life Gets Hard?

British Values Tolerance

Reading – studying 'Journey to Jo'burg' – tackling racism through learning about the apartheid and discrimination in South Africa.

RE - What Matters Most to Humans and Christians? Encouraging respect for other beliefs and cultures.

Writing – Incredible Edibles – Gastrotrump section: Understanding that countries have different delicacies which we might consider unpalatable.

How is Nature Powerful? – understanding that life is not the same in locations across the world. You don't choose where you are born.

RE - Why do Some People Believe in God and Some People Not? Understanding that people's faiths and beliefs are different and respecting that.

History – WWII –persecution of religious groups due to differing beliefs.

RE - How Does Faith Help People When Life Gets Hard? Understanding that some people turn to faith in difficult times; others do not. We all need to respect how others manage when life gets hard.
