Overall, we are delighted with the headline figures in this report, with 99% of our parents feeling that their children are making progress, 99% feeling the school is safe, and 99% feeling that their child is well looked after. 98.5 % believe the children are both well taught and that their children work hard and do their best. We are also heartened that only four forms put “strongly disagree” with any of the statements, though we wish this were not the case.

In every area, “strongly agree” was by far the most common response and “agree” percentages were 93.5% or over for every statement. Of all the forms 119 put “strongly agree” for EVERY statement. 97 parents also chose to write a comment. The vast majority of comments were overwhelmingly positive and we greatly appreciate the lovely things that you said. I have typed these up and they can be found on the school website (all names removed).

We had 9 comments that had suggestions for improvement. I have circulated all comments along with this survey to both the staff and the local governing body, so that we may consider appropriate actions.

I thank every one of you that took the time to complete the survey for us. We greatly value your feedback and are enormously pleased with the results.

Have a very enjoyable Easter holiday,

Ian Morgan
