- Thank you for all of the support and good communication.
- Of all the years my daughter has been at school, this is by far the most significant. X and X have worked hard with her. Her learning has amazed me and she has flourished emotionally. She is confident and communicating with those around her. Thank you to those staff that work with her, she is doing everyone proud both academically and emotionally.

Praise for child happiness

- My child is very happy here and has come on so much in X.
- X has attended Eden Park for only a few months now and it has far exceeded our expectations compared to his previous school. I believe this is due to his teacher and their colleagues' fantastic approach and giving our son time to settle in. I am sure X will go from strength to strength whilst he attends Eden Park.
- My child has greatly improved in his learning whilst at Eden Park and he enjoys it here.
