Thank you to all of the parents who completed the recent parent survey. In all, we received 137 forms over the two evenings so each parent's view is just over 0.729 % so this has been rounded to 0.7% for ease.

Overall, we are delighted with the headline figures in this report, with 100% of our families believing that their child is happy at school and is making progress. All except one form also believe we are doing a good job at keeping you informed, that their child works hard and that they are also well looked after. We are also heartened that only one form put "strongly disagree" for any of the statements, though we obviously wish this were not the case.

In every area, "strongly agree" was by far the most common response and "agree" percentages were at least 95% for every statement. Of all the forms 77 put "strongly agree" for EVERY statement.

A number of parents also chose to write a comment. Overall, we were also delighted with these with so many parents writing lovely things about the school and individuals within it. These can be found on the school website (all names removed).

We had 6 comments that suggested improvement. I have circulated all comments along with this survey to both the staff and the local governing body, so that we may consider appropriate actions.

I thank every one of you that took the time to complete the survey for us. We greatly value your feedback.
